The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
U.S. House of Representatives
Washington, DC 20515

Dear Chair Granger and Ranking Member DeLauro:

I am requesting funding for the Town of Lubec Wastewater Project in Fiscal Year 2024. The entity to receive funding for this project is the Town of Lubec, located at 40 School Street, Lubec, Maine 04652. The funding will be used to upgrade four wastewater pumping stations and parts of the municipal wastewater treatment plant in order to meet discharge licensing requirements. The project is an appropriate use of taxpayer funds because it is essential to prevent equipment failure related overflows of raw sewage. The small community cannot afford this project without significant federal funding.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Jared F. Golden".
